I love South Stockton!!! This community has given me so much including my faith in God, my education and love for my neighbor. I am grateful for the opportunities I have had growing up here, they have made me a better husband, father and man.

For the past decade I have spent my life empowering parents to stand up for their students. It is time we stand up against those just paying lip service to South Stockton's problems. We need to work together to solve our issues and stand firm to ensure our voice is heard.

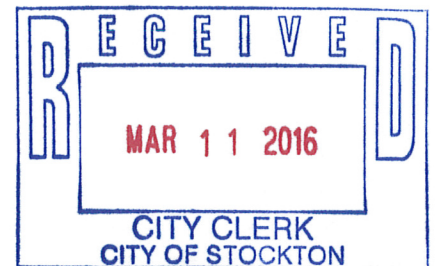

As a father I share the concern about the rampant crime that permeates Stockton. As a neighbor I see how many of us are affected by an unpredictable economy.

As your representative in Stockton City Hall I will demand to have safe public spaces where residents and children can interact with each other without fear. I support a transparency ordinance so we know whose money is influencing our representatives.

I am thankful for the support of my wife Andrea. We are blessed with three beautiful children. I would be humbled to have your vote.

Thank you and God Bless.
